We also require a business card/more information on the photography business at least 48 hours before any pictures are taken.
- Photography is allowed only in areas of the farm that are open to the public. ALL participants must pay the admission fee for activities in order to have access to the whole farm (even if they plan to just walk into the sunflowers). Cost for all farm photo sessions is an additional \$25 per hour on weekdays.
- Photographers are allowed to bring just their camera. If other props are required, prior arrangements must be made.
